

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

[Docket No. CP97-623-000]

#### Natural Gas Pipeline Company of America; Notice of Application

July 11, 1997.

Take notice that on July 8, 1997, Natural Gas Pipeline Company of America (Applicant), 701 East 22nd Street, Lombard, Illinois 60148, filed an application pursuant to Section 7(b) of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations thereunder for an order granting permission and approval to abandon, in place, by sale to Timberland Gathering and Processing Company, Inc. (Timberland), certain facilities located near the town of Hooker, Texas County, Oklahoma, all as more fully set forth in the application on file with the Commission and open to public inspection.

Applicant proposes to abandon its Compressor Station No. 101, 2,948 feet or 20/26-inch lateral, 4,748 feet of 20-inch lateral, and various other facilities within its Hooker Gathering System. The facilities for which Applicant is seeking abandonment authority, along with many uncertificated facilities, make up what is generally described as Applicant's Hooker Gathering System. Applicant has agreed to sell the entire gathering system to Timberland, which will continue to perform gathering service for the few customers now being served on the system by Applicant, or

alternatively, purchase the production from wells along the system.

Applicant states that the regulatory status of the Hooker Gathering System was thoroughly reviewed by the Commission in its order issued in Docket No. CP93-500-000.<sup>1</sup> In that order, the Commission also stated that Applicant must apply for abandonment authority if it seeks to sell its certificated facilities at a future time.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 1, 1997, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

**Linwood A. Watson, Jr.,**

[Docket No. ER97-2128-001]

#### Ohio Valley Electric Corporation; Notice of Filing

July 9, 1997.

Take notice that Ohio Valley Electric Corporation on June 16, 1997, tendered for filing its refund report in the above-referenced docket.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426 in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before July 22, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket No. QF92-156-003]

#### Pasco Cogen, Ltd.; Notice of Application for Commission Recertification of Qualifying Status of a Cogeneration Facility

July 11, 1997.

On July 2, 1997, Pasco Cogen, Ltd. (Pasco), P.O. Box 111, Tampa, Florida 33601 submitted for filing an application for Commission recertification as a qualifying cogeneration facility (QF) pursuant to section 292.207(b) of the Commission's Regulations. No determination has been made that the submittal constitutes a complete filing.

According to the applicant, the 109 MW, natural gas-fired combined-cycle cogeneration facility is located in Dade City, Florida. Steam recovered from the facility is used in the production of fruit juice concentrate by Lykes Pasco, Inc. Power from the facility was certified as a QF Docket No. QF92-156-000 [60
